

Providing furniture for Care Homes, Hospices and Hospitals.

All Marmax Products are made from 100% Recycled plastic and are maintenance free.

L-R Diplomat Planter, Milton Seat and NEW Canvas Arc 360.

Marmax Product's Green Message...

Approximately 12 million tonnes of plastic waste are dumped into our oceans every year, which equates to a truckload of rubbish, every minute of every day.

This rubbish is harming not only the sea life but also our environment. 70% of the oxygen we breathe is produced by plants that live in the oceans and are fundamentally tied to our health and livelihood...but pollution has our oceans on the brink of disaster.

Plastic does not break down as fast as other waste and can take approximately 450 years to degrade, and then it does not go away completely. It breaks down into smaller and smaller pieces, called microplastics. This means that more sea life is not only being harmed by plastic waste, they are now eating it. This can be very harmful for us, as this plastic will eventually end up on our plates.

What we do on land can change the fate of what goes on offshore, and small mistakes in waste disposal have a large impact on everyone's health and wellbeing.

Here at Marmax Products, we are very passionate about recycling plastic waste and making it into maintenance free, award winning outdoor furniture and play equipment for any type of environment. This saves millions of tonnes of plastic waste from landfill and our oceans, at the same time making products that people can appreciate and use for generations to come.

All **Marmax Products** are made from 100% Recycled plastic and are maintenance free.

Offering a blend of style and comfort, our outdoor furniture will help to make any care home or hospital garden feel welcoming and safe.

THE GREAT OUTDOORS

This is absolutely vital for maintaining an effective care environment. It is essential that older people are supported to remain as healthy and independent as possible for as long as possible.

Access to outdoor spaces give them the opportunity to partake in their surroundings, potter in the garden, entertain family and friends or just to enjoy the simple pleasures of some fresh air and sunshine!

Our **NEW** Furniture range for 2019 has arrived! A very modern and stylish range which will be a perfect addition for any new project or contemporary building.

BEAUTIFUL AND ELEGANT.

Modern benches made from 100% recycled plastic profiles, some straight, some curved forming a style that lends itself to many seating plans and designs.

The Canvas 30 is a curved modern bench which, if you really want to get creative you can join Six benches to form a semi-circle, or even a group of twelve giving you a complete 7.5m circle!!!

Ashgate Hospicecare

Press Release: **13th July 2018**

Patient arranges for Ashgate Hospicecare to receive new outdoor furniture.

Peter Stockton, from Chesterfield, former employee of the Samuel Grant Group based in Leeds, has a life-limiting illness and attends the 'Living Well' program at the Day Hospice at Ashgate Hospicecare.

Peter, who comes to the Hospice every week, still has strong relationships with the directors of the recycled furniture company Marmax, who are part of the Samuel Grant Group. After hearing that the current benches outside the Day Hospice were old and in need of replacing, he approached them to donate a replacement bench.

However, Marmax went above and beyond what Peter had asked them for, and donated a number of low maintenance benches and tables that will last over 30 years. Not only has their kind donation saved the Hospice over £2000 in costs, the beautiful new furniture will save the Hospice from having to pay for replacement furniture in the near future.

Sarah Kerry, Day Hospice Sister, said: "We're so grateful for the generosity of Marmax and to Peter for liaising with them on our behalf. The money saved will mean that more funds can be directed to caring for patients like Peter."

Our patients love being able to go outside, especially in this lovely weather. Along with the new greenhouse and polytunnel, which have been built as part of the horticultural project to give patients the opportunity to do some gardening while they're here, the outdoor furniture offers patients the chance to relax outside and also provides somewhere comfortable for families to sit when visiting loved ones, something we know is very important to our visitors."

A few weeks ago, the Samuel Grant Group went to Buckingham Palace to accept the Queen's Enterprise Award for their innovative and sustainable pallet wrapping solution, the Samson Nano. This year, as Ashgate Hospicecare celebrate 30 years of patient care, the group are celebrating 125 years in the industry!

But Peter doesn't stop there. He is already in touch with other companies to ask them to donate items to the Hospice, and has been endorsed as a Fundraising Ambassador by the Fundraising Team at the Hospice to enable him to do this.

Peter said, "I am very pleased to donate these benches and chairs on behalf of Marmax. I worked in Sheffield for the Samuel Grant Group, a family run business, for 20 odd years. They look after their staff very, very well. They've always looked after me in the best possible way and, in particular, anything they

Marmax Products provide strength, stability, support and reassurance while helping the environment too.

All **Marmax Products** are made from 100% Recycled plastic and are maintenance free.

can help me with through my illness, they will always do. I thank them all very much, especially Matthew Grant, because the Samuel Grant Group and the Grant family have always been very close to my heart. The company are leading the way ethically, in that they like to support charities, and also in their environmentally friendly and sustainable products. All the furniture donated to the Hospice is made from recycled materials.

Regarding the patients and families, I hope that everybody will really enjoy the comfort of the seats. I will do my best to get other things donated for the patients to make their stay at the Hospice as comfortable as possible."

Marmax have also donated a plaque for one of the benches, which reads 'Kindly donated by Marmax and presented by Peter C Stockton'. If you want to find out how you or your company could help Ashgate Hospicecare, please get in touch with Charlotte Gratton on 01246 568801.

Notes for editors:

About Ashgate Hospicecare

- Ashgate Hospicecare, Chesterfield, provides specialist palliative and end of life care including a wide range of community-based care and support services for people with a life-limiting illness and their families across North Derbyshire and the High Peak and Dales.
- The Hospice has a 21 bed Inpatient unit, a 16 place Day Hospice and provides a range of therapy and support services on site.
- Ashgate Hospicecare has 15 charity shops across North Derbyshire.
- Over 70% of our income is reliant on the generosity of local people who support Ashgate Hospicecare in a number of different ways, including giving donations, supporting our shops, participating in our events and leaving gifts Wills. Less than 30% of Ashgate Hospicecare's overall income is NHS funded.

Testimonials

Julian Wigman

(Sloper Three Seat) 01

I am really pleased with our new Sloper Three Seat bench as it is so comfortable to sit on and I can leave it out all year round. We first noticed these on a trip to Whipsnade Zoo and I thought, "I just have to have one of these," so we noted down the company details from the nameplate on the side and ordered once we got home. I have bought a security chain to secure it in position, but the bench is so heavy it would need a couple of strong thieves to carry this away any long distance. I am so pleased with this purchase and I can thoroughly recommend it. I am now looking at the 8-seater round table and chairs for my patio as my next purchase.

02

Deborah Rosser

(Traditional Three Seat) 02

I would like to thank Clair and her colleagues for their kindness and understanding in helping me to obtain a traditional bench in memory of my husband who died suddenly and tragically a few weeks ago. I gave Clair a tight deadline from order to delivery, including a memorial plaque to be manufactured. Despite the Easter holiday falling in between, the bench was delivered on the morning of our Celebration of Life, only 3 working days from order. The bench is so beautiful. As a beach cleaner, founder of ReFILL, to see such a useful object made from something that would normally go into landfill or be incinerated, is a positive step towards a more sustainable future. Thank you for such efficient service in a time of great sadness for our family.

03

Geoffrey Crute

(Sloper Companion Set) 03

What a splendid present. We are both delighted with it. This was one modelling job that Ian really enjoyed. You knew precisely what we needed and I'm not at all surprised that the company who made the chairs and mini table have won so may awards, what a great idea. The chairs are perfectly comfortable. Thank you ever so much to you and your team for all your help.

All **Marmax Products** are made from 100% Recycled plastic and are maintenance free.

Deborah Rosser

(Traditional Three Seat outside the hospital) 04

The service and customer care that we have received from Marmax Recycled Products has been exceptional.

We wanted a memorial bench for one of our porters who had worked at the hospital for many years.

Marmax even went to the length of including a memorial plaque for free, for which we were very grateful.

The team at Marmax guided us through every step and the bench that we received is perfect.

Gloria Blaney

(Traditional Three Seat with Plaque) 06

A bench was ordered for our son who died in April. It is absolutely perfect in every way.

Beautifully constructed, including the plaque. Could not wish for anything better and I am going to order another for my husband's birthday.

Thank you so much.

The importance of play for children in hospital and care.

Child’s play.

Play is how children make sense of the world around them. In hospital, it helps them to express their feelings and worries, understand what is happening and cope with treatment.

Play is familiar and reassuring for a child so being able to play while in hospital allows children to maintain an aspect of their normal life.

Marmax have developed a range of play and special education needs equipment (which is wheelchair friendly) to encourage role play that is perfect for any play area or garden.

Award winning products and materials suppliers...

Marmax Products Ltd have been stealing the limelight by winning numerous awards – from local awards to globally recognised awards, it is safe to say that we have achieved a lot throughout the last 7 years.

Marmax became finalists in the Best Recycled Plastic Product category in the 2018 Plastic Industry Awards for the 5th consecutive year, we were finalists in the North East Employee Awards for the Marmax Team – Making a Difference in the Community, finalists in the National Recycling Awards for Best Recycled Plastic Product, finalists in two categories at the Made in the North East Awards – SME Manufacturing Company and Sustainable/Ethical Manufacturers and finally we achieved Regional Winners of the Sustainability category at the EEF Future Manufacturing Awards.

Marmax Products became Green World Ambassadors for the 5th consecutive year for our contribution to helping others to help the environment. We won silver status in the Green Apple Awards for Environmental Best Practice. Because of this achievement, we had our winning paper published in the Green Book, the leading international work of reference on environmental best practice, so that others around the world can follow our example and learn from our achievement. We have also won a Green World Awards in the Recycled Plastic Products category.

Marmax Products have also won two brand new awards – an International CSR Excellence Gold Award and were also awarded CSR World Leaders

– a company that cares about their community, colleagues, clients, suppliers and environment, for our Education brochure. In this brochure, we created a story about plastic waste and the effects it is having on our planet, as well as highlighting facts throughout the brochure and how Marmax Products are helping to eliminate plastic waste through the manufacturing of our products. Most recently, we have been awarded Green World Award for our CSR and will be presented with this award at an awards presentation in Vietnam.

To take this one step further, we can provide our customers with a free of charge certificate, indicating how many milk containers they have saved from landfill and our oceans through the purchase of our recycled plastic products.

The Green Apple and CSR Awards began in 1994 and have become established as the country's major recognition for environmental endeavour among companies, councils, communities and countries. The awards are organised by the Green Organisation, an international, independent, non-political, non-profit environment group dedicated to recognising, rewarding and promoting environmental best practice around the world.
